

2230 EIGHTH AVENUE

SEATTLE, WA 98121

THE BUILDING:

Built by the Signal Oil Company in 1965 as an office building, 2230 Eighth Avenue provides 10,100 square feet of highly visible retail space on two levels across the street from Amazon's World Headquarters. Renovated in 2009, the building's 12 foot high ceilings, floor to ceiling windows, wood beamed ceilings, and wide open floor plan provides tenants with great flexibility in floor plan design. 2230 Eighth Avenue's six reserved parking stalls are located on the east side of the building.
